

Prescott Municipal Airport

After Hours Incidents & Disabled Aircraft

After ATCT operating hours (2200-0600 local)

If this is an **EMERGENCY** and/or requires Fire, EMS, or Police response, **CALL 911 IMMEDIATELY.**

- Airport Rescue Fire Fighting (ARFF) services are available 24/7, but are normally activated by ATCT controllers.
- After hours emergencies must be reported through emergency response/dispatch systems.

Non-Emergency:

If possible, **CLEAR THE RUNWAY.** If the aircraft is disabled to the extent that it cannot be easily cleared, make regular announcements over CTAF (125.300 MHz) as necessary to report that the **RUNWAY IS NOT AVAILABLE.** If practical, continue to use aircraft lighting systems for collision avoidance.

Notify airport operations: 928-777-1150

- 24 Hour number.
- This number is the normal Duty Operations number from 0500-2200 local.
- Between 2200 and 0500, this number is forwarded to the Airport Operations & Maintenance Supervisor.
- This notification is essential to determine if closures or changes to normal operations are required.
- Additionally, depending on damage to aircraft and/or Prescott Municipal Airport equipment or surfaces, FAA and NTSB may require notification.

Contact NTSB (If required):

****It is the responsibility of the aircraft owner/operator to promptly notify the NTSB and preserve the wreckage and evidence when necessary under the requirements of 49 CFR Part 830.05 & 830.10.****

NTSB L.A. Regional Office: 310-380-5660

NTSB L.A. After Hours: 310-725-3300

****Airport personnel must be involved with coordination with Federal agencies for incidents/accidents on the airport. The affected airport surface cannot be re-opened without approval from the NTSB.****

Activate Company Specific Plan (If applicable):

**** The City of Prescott does not assume any responsibility or liability for the movement or removal of aircraft or components from the airfield.****

- This process is to ensure that your company is informed and aware of any special situation.
- It will also require proper personnel to respond to Prescott Municipal Airport for recovery or removal of aircraft.
- All personnel accessing the airfield, even during abnormal circumstances, must be in compliance with (or escorted by somebody in compliance with) 14 CFR Part 139 requirements to include proper movement-area training and current airfield credentials.

Legend Aviation:

- As the FBO, Legend Aviation has the capability of moving most aircraft. Their hours of operation are 0700-2000 local.
- During normal business hours, they can be reached at 928-443-9333.
- **After hours, a supervisor can be reached at 928-899-0188.**
